

HBA Participates in Habitat Builders Blitz

Jim Bible, Chair

Join your HBA of Lake County on May 31 through June 8, 2008 to build a Habitat for Humanity Home in Mt. Dora. As part of a national effort to build hundreds of homes in one week you can help one deserving family achieve the American dream of home ownership. We need labor, material and cash donations to make this event a success. Your generous contributions will be acknowledged in local, state and national press releases.

Please look at this partial list of needs and identify any areas you can help. Please fax, e-mail or call us with any area you can help. It is not necessary for you to provide an entire area of need. For example if you can donate 15 sheets of drywall we will be happy to receive all donations. If you could supply material or labor but need some offset of cost let us know. If you can only work certain hours or days let us know what they are, we expect many volunteers to join us and have a great time with fellow members while achieving a very worthwhile cause.

Item	Quantity
Portable Toilets	2
Clear Lot	
Trash Bin	1
Mono Slab	
Steel rebar	
Stakes	
Wire ties	
Concrete	
Lumber Pack	
Connectors:	
MTS 12	200
